Farewell 2016/ 2017

NEW VISION STATEMENT

SJAS aims to empower students to demonstrate the value of quality education, develop personal and academic skills to become life-long learners.

MISSION STATEMENT

The mission of St. John American School as an educational services organization is to provide an education that enables students to be productive, responsible and self-disciplined. SJAS provides quality education that utilizes technology methods to train students how to respect and adapt with the environment in order to develop characters that have a positive view of the world in all its aspects.

PRINCIPAL'S MESSAGE TO THE COMMUNITY

This year has come to an end, an end without goodbyes, only wishes for an enjoyable summer vacation filled with hope that the coming year will be as fruitful as this past one. First, I would like to thank ALL SJAS Staff for their remarkable efforts exerted all through the year, standing together as one family, working together as one hand, seeing our children blossom and succeed. Second, I would like to congratulate the seniors of this year for their hard work and attainments all through their years at St. John American School. One of the successful accomplishments that SJAS had experienced during 2016-2017 was the renewal of the AdvancED accreditation for five years, scoring very high in teaching and learning, and the overall score. More accomplishment was in High School MAP test in the End-of-Course Math reaching the worldwide norms. Congratulations beloved students...

Parent/Teacher Meetings for 2017/2018

Term meetings will take place four times a year after the end of each term. Parents will be notified with the date and time of every meeting.

Uniform

Check your email inbox for further details on where to order and purchase the school uniform.

Our goal as advocates is to see every child learn, our focus as educators is to see every child gain principles that can grow with him along the years. In the surveys, students commented in the open-ended questions "SJAS teaches us to treat each other with love and willingness to cooperate". Moreover, during my meetings with students from all grade levels, one commented "the school is my second home because most teachers treat us like their own children". This comment showed me how in a big world a fresh brain can feel, reflect and analyze. Whenever I see a smile of our children's faces, an act of giving, a gesture of care, I feel proud that our mission is affecting our surrounding.

Announcements

- Kindly **check your email** box regularly for further communication and announcements during
